SEC. 359. REPORTS ON ENVIRONMENTAL RESTORATION OF JEFFERSON PROVING GROUND, INDIANA

(1) REQUIREMENT.—The Secretary of Defense shall submit to the Committees on Armed Services of the Senate and the House of Representatives three annual reports and a final report on plans and schedules for remediation of the environmental contamination at the Jefferson Proving Ground, Indiana, resulting from the activities of the Department of Defense.

(2) MATTEES To BE INCLUDED IN FINAL REPORT.—The final report required by subsection (a) shall include the following:

(3) A description of the nature and extent of the environmental contamination, including any contamination resulting from hazardous materials.

(4) A detailed plan to restore all portions of the Jefferson Proving Ground south of the firing line to full and unrestricted use.

(5) A description of all portions of the Jefferson Proving Ground which the Department of Defense does not plan to make available for full and unrestricted use for reasons of liability, costs of cleanup, or any other reason.

(6) A plan to finance the cleanup of the Jefferson Proving Ground, including estimated costs of the cleanup, identification of the sources of funds for cleanup, and a time schedule for implementation of cleanup measures.

(7) CONSULTATION.—The Secretary shall consult with appropriate State and local officials in preparing the reports required by subsection (a).

(8) DEADLINES.—The first annual report required by subsection (a) shall be submitted not later than April 15, 1990. The final report required by subsection (a) shall be submitted not later than April 15, 1993.

Pollution.

SEC. 360. STUDY OF ENVIRONMENTAL DAMAGE TO SHENANDOAH RIVER

(9) STUDY REQUIREMENT.—The Administrator of the Environmental Protection Agency, in consultation with the State of Virginia, shall conduct a study to determine the environmental damage to the Shenandoah River that has resulted, or may be resulting, from activities of any company under contract with the Department of Defense and the National Aeronautics and Space Administration.

(10) MATTERS To BE STUDIED.—In conducting the study, the Administrator shall determine the following:

(11) The degree of the pollution in the Shenandoah River, and any other environmental effects on the river, attributable to the activities of any company described in subsection (a).

(12) An estimate of the amount of funds and the length of time needed to assure attainment of any water quality standards for the river established under section 303 of the Federal Water Pollution Control Act, to assure protection of public water supplies, and to assure protection and propagation of a balanced, indigenous population of fish (including shellfish) and wildlife.

(c) DEADLINES.—The Administrator shall submit to Congress—

(13) a plan for carrying out the study required by

this section
not later than December 31, 1989:
(14) a progress report on the study not later than June 30, 1990; and
